

# MADAGASCAR

MADAGASCAR OFFERS A WEALTH OF FASCINATING PLACES TO VISIT FROM THE TRANQUILITY OF THE FORESTS, THE BUSTLE OF THE CITIES, STUNNING WHITE SANDY BEACHES, AN UNDERWATER WORLD OF DAZZLING CORALS AND UNIQUE FLORA AND FAUNA.

The world's fourth largest island, Madagascar is situated 300 kilometres off the coast of Africa. Historically the island was a land of conquest, shipwrecks, massacres, piracy and slavery. It is believed Arabs settled as early as the 9th century, the Portuguese arrived in 1500, followed by a succession of Merion Monarchs. In 1896 the island became a French colony and gained independence in 1960.

Unlike its neighbours in the Indian Ocean, Madagascar has been relatively isolated from the outside world and remains one of the world's great undiscovered eco tourism destinations and a truly great travel experience for those with a sense of adventure. Madagascar is a developing country and at times some facilities may be lacking however this adds to the charm and appeal of the destination.
