

MADAGASCAR

Madagascar offers a wealth of fascinating places to visit from the tranquility of the forests, the bustle of cities, stunning white sandy beaches, an underwater world of amazing corals plus unique flora and fauna.

Unlike its neighbours, Madagascar has been relatively isolated from the outside world and remains one of the world's great eco tourism destinations and offers a truly superb travel experience for those with a sense of adventure. Madagascar is a developing country and tourism is in its infancy so at times facilities may be lacking, however this only adds to the charm and appeal of this truly unique destination.
