

MADAGASCAR

Madagascar offers a wealth of fascinating places to visit from the tranquility of the tropical rain forests, the bustle of cities, white sandy beaches, an underwater world of amazing corals plus unique flora and fauna.

Unlike its neighbours, Madagascar has been relatively isolated from the outside world and remains one of the world's great eco tourism destinations and offers an incredible travel experience for those with a sense of adventure. Madagascar is a developing country and tourism is in its infancy so at times infrastructure and facilities may be lacking, however this only adds to the charm and appeal of a truly unique destination.

Madagascar is fringed by sandy beaches and has a number of remote islands. Wildlife Safari offers a selection of resorts which combine perfectly with our Magical Madagascar private journey for an ideal island holiday.
