

# MAURITIUS

Mauritius is an idyllic sub-tropical island surrounded by unspoiled white sandy beaches, and its sparkling turquoise waters are naturally protected by the beautiful coral reefs which encircle the island.

First discovered by Arabic traders and subsequently claimed by the Portuguese, Dutch, French, and finally occupied by the British, Mauritius became independent in 1968. The population of just over one million is a fascinating and vibrant cosmopolitan mix of Europeans, Asians, Africans and Indians.

Mauritius is the perfect all-year-round destination, with temperatures in the mid 20s between April and October, rising to the low 30s in the summer months between November and March.

Mauritius is an exotic island holiday destination, to be enjoyed on its own or in combination with a safari on the African continent or on another Indian Ocean island.

Although Mauritius has many resorts to choose from, Wildlife Safari has personally selected the finest resorts which provide excellent quality, service and value with all the amenities you would expect from a luxury resort.
