**AIRLINE PARTNERS**

**SPECIAL AIRFARES**

As a tour operator our preferred airline partners offer Wildlife Safari special airfares to fly you to your favourite Indian Ocean island destination. There are conditions to having access to these special airfares which can only be sold in conjunction with our Indian Ocean Island holiday packages. We regularly meet with our airline partners to negotiate special airfares and costs for the air component often changes therefore we DO NOT include an airfare in our island holiday package prices. Please contact Wildlife Safari for the best available airfare at the time of arranging your Indian Ocean island holiday.

**STOPOVER**

With access to special airfares when flying Singapore Airlines to Maldives or Sri Lanka you may choose to take advantage of the opportunity to stopover in Singapore. If you fly on Emirates to the Seychelles, the Maldives or Mauritius you can enjoy a short stay in Dubai or another emirate in the United Arab Emirates. For the best advice discuss your stopover options with one of our Indian Ocean destination experts.
THE ISLANDS OF THE INDIAN OCEAN have become an exotic melting pot of many peoples and cultures. Persian and Chinese traders sailed the monsoon winds across the Indian Ocean to Africa for exotic treasures, spices and slaves. Portuguese, Dutch, French and English explorers later traversed the Indian Ocean to establish their colonial empires.

At Wildlife Safari we have been helping travellers discover the exotic allure of Africa, India, Arabia and islands of the Indian Ocean for over thirty five years. We have personally selected the most desirable resorts and hotels and designed the perfect private journeys on the islands of Mauritius, Seychelles, Maldives, Sri Lanka and Madagascar.

Our staff of Indian Ocean experts have travelled to every island searching for the finest beach resorts, hotels, villas and spa retreats for your idyllic island holiday or honeymoon. The hardest part is choosing where to go but once you have made your reservation with Wildlife Safari rest assured that your arrangements will work seamlessly.

ONE THING IS CERTAIN, THE INDIAN OCEAN HAS SOMETHING FOR EVERYONE.
GREAT COMBINATIONS
Combine your stay in Maldives, Mauritius or Seychelles with another Indian Ocean island destination for a holiday or honeymoon of a lifetime. Experience the colour and culture of Sri Lanka with a luxury resort island stay in Maldives or combine a safari with days full of game viewing in Kenya with a relaxing stay on a private island in the Seychelles. Start your adventure in Madagascar in search of lemur and other exotic creatures with a relaxing resort stay in Mauritius. The combinations are endless. Wildlife Safari are experts in creating exceptional holidays and offer a selection of GREAT COMBINATIONS or ask us to custom design a unique holiday just for you!

ROOM CATEGORY
Why not upgrade to a higher room category for that extra space, indulge in the luxury of an overwater villa, enjoy the privacy of a room with your own private plunge pool, or splurge and stay in a villa with your own personal butler. It’s your holiday! Please ask for details.

TRAVEL IN STYLE
Wildlife Safari will always include return PRIVATE vehicle transfers to your resort. After your international flight, which in most situations is a long flight from Australia it is important to receive a warm welcome with our personal meet and greet in the arrivals hall. You will be escorted immediately to your vehicle with your personal driver for your transfer directly to your resort. A private vehicle transfer eliminates long shuttle bus transfers where other guests are dropped off at various hotels on the way to your resort. Arriving in style is the perfect start to an Indian Ocean island holiday.

On a Wildlife Safari private journey in Sri Lanka and Madagascar your chauffeur guide is with you for your entire journey and will welcome you on your arrival.

SPECIAL OFFERS
The resorts featured in the INDIAN OCEAN brochure offer Wildlife Safari special promotional rates along with a number of special deals and bonus offers at various times of the year. We regularly receive special STAY/PAY offers, early bird booking offers, along with other promotional specials of additional benefits, meal plans, upgrades etc. Please contact Wildlife Safari or ask your travel agent to call to ensure you receive the best INDIAN OCEAN holiday package price for the resort of your choice.

Like exotic gems scattered across the blue velvet of the Indian Ocean, the 1,192 tiny coral islands of the Maldives cover a million square kilometres across the equator just west of Sri Lanka.

The origins of the twenty six unique atolls are lost in ancient history, with records indicating the islands may have been inhabited for over 5,000 years. More recent history shows the Maldives as being part of an important trade route between east and west, settled by people from all over the world who left a strong influence on the people, their religion and culture.

Palm fringed islands with sparkling white, powder soft beaches, turquoise lagoons, clear warm waters surrounded by coral reefs, and one of the world’s most breathtaking views of underwater life...if this is your idea of a tropical paradise, then you’ve discovered the magic of the Maldives!

The hardest part of a Maldives holiday is deciding which island to call home. To help make your decision Wildlife Safari has personally selected the finest resorts. Each private island resort is a tropical paradise where you will enjoy all the privacy and amenities you expect from a luxury resort. Fine food and service, world class diving, snorkelling, exceptional SPAS, and water sports or simply relaxing on peaceful, unspoiled beaches.

WILDLIFE SAFARI PRICING
Our pricing aims to give an indication of the cost in low season. Low season usually falls between the months of May to October. Prices are based on two persons sharing in a room category stated and include return transfers. Extra nights, other room categories, child prices and single supplements are available on request.

Airfares are not included. Please call for the latest airfares.
GETTING TO YOUR RESORT ISLAND
The style in which you travel to your resort will always depend on the location of your island resort. Transfers can be resort boat, luxury launch, domestic flight or by scenic seaplane. You arrive at Male International Airport on the island of Hulhule which is just a short dhoni (traditional Maldivian boat) or speedboat ride to Male, the capital of Maldives.

On arrival at Male International Airport you will be met by your resort representative who will advise details of your transfer arrangements and personally assist you with your transfer.

BOAT TRANSFER
Resorts which require a powerboat transfer depart from the jetty on Hulhule Island. No matter what time of day or night your international flight arrives you can immediately transfer to your resort. On arrival at Male International Airport you will be met by your resort representative and escorted to the jetty for your boat transfer to your private island resort.

SEAPLANE FLIGHT
A scenic seaplane transfer to an island resort located in the outer atolls may only be taken during daylight hours. A number of international flights from Australia arrive into Male late at night so you may be required to spend your first night at a hotel on Hulhule, the airport island. Wildlife Safari includes your first night accommodation in a superior room at Hulhule Island Hotel for Maldives holidays which require a seaplane to resort transfer.

DOMESTIC FLIGHT
Several local islands have domestic airports which provides an alternative style of transfer to the resorts situated in the outer atolls. On arrival at Male International Airport your resort representative will personally escort you to the domestic lounge for your domestic flight. Waiting time for your domestic transfer will always be kept to a minimum. After landing at the domestic airport your resort representative will meet you and escort you to the jetty for your resort boat transfer and the final leg of your journey to your island resort.

Mauritius is an idyllic sub-tropical island surrounded by unspoiled white sandy beaches, with sparkling turquoise waters naturally protected by the beautiful coral reefs which almost encircle the island.

First discovered by Arabic traders and subsequently claimed by the Portuguese, Dutch, French, and finally occupied by the British, Mauritius became independent in 1968. The population of just over one million is a fascinating and vibrant cosmopolitan mix of Europeans, Asians, Africans and Indians. Mauritius is the perfect all-year-round destination, with temperatures in the mid 20s between April and October, rising to the low 30s in the summer months between November and March.

Mauritius is an exotic island holiday destination, to be enjoyed on its own or in combination with a safari on the African continent or on another Indian Ocean island. The Wildlife Safari portfolio of Mauritius luxury resorts has been personally selected by our team of dedicated Indian Ocean experts. Our collection of resorts is based on personal experience and intimate knowledge of the destination and the resorts. We carefully consider each property for their location, quality, cuisine, appeal and value to select the finest resorts for our brochure.
DISCOVER MORE THAN ONE ISLAND

RODRIGUES
A dependency of Mauritius, Rodrigues is 563 kilometres to the east of Mauritius and easily reached on a scheduled daily flight from Mauritius. Little known Rodrigues offers an unforgettable introduction to an island life of tranquility.

REUNION
Reunion the southernmost department of France just 800 kilometres east of Madagascar is one of the world’s last remaining colonial possessions with Mauritius and Seychelles as its nearest neighbours. Reunion is an enchanting island with mountains dominating the island, rainforests along the sandy coast and has lots of history and character.

The island was once a vast volcano which collapsed to leave a pointedly jagged interior. In the centre of the island are three massive cirques (valleys), Mafate and Salazie are inaccessible and can only be seen by experienced hikers or by helicopter while the third cirque, Cilaos has a quaint town and can be reached by vehicle.

Although the island has the reputation as a nature destination the destination does offer a select number of beach resorts. Reunion combines perfectly with Mauritius, Madagascar or Seychelles for the ideal Indian Ocean Island holiday.

Sri Lanka sits at the southern tip of India just three degrees above the equator. Throughout its fascinating history this tear drop shaped island has been bestowed a variety of names.

The ancient Greek geographers called the island Taprobane, early Arab traders referred to it as Serendib, the Portuguese named it Ceilão which translated into English became Ceylon. Another name that perfectly describes Sri Lanka is paradise. The island is captivating, steeped in history with its ancient cities and sites, sacred Buddhist shrines, national parks of elephants, leopards, monkeys and exotic birdlife, misty mountains, vast tea and spice plantations, palm fringed golden sandy beaches along with the warmth of its friendly welcoming people.

Sri Lanka is the perfect holiday destination as it enjoys a tropical climate being warm and humid all year round. Generally the best time to visit is from November to March however the cultural triangle is also enjoyed from April to September. The south west monsoon brings tropical rains from May to July in the south, west and central regions while during December and January the north east monsoon carries tropical rains to the north.

Wildlife Safari has designed a series of private journeys to depart on any day of the week you choose to travel. Staying in unique hotels, tea planter’s bungalows, boutique hotels and stylish resorts you will journey in air conditioned comfort in your private car accompanied by an English speaking chauffeur guide to show you the many delights of this gem of an island. Alternatively Wildlife Safari can custom design your own private journey to suit your desires and interests.

Stylish beach retreats and villas dotted along the coast offer an idyllic beach stay within easy access to Galle Fort. Our Galle Sojourn or a beach stay on any of the golden sandy beaches is an easy addition to any private journey.

Madagascar, the island of scents with unique flora and fauna along with an incredibly diverse terrain is like nowhere else on earth. The fourth largest island in the world Madagascar sits 300 kilometres off the coast of Africa.

Madagascar offers a wealth of fascinating places to visit from the tranquility of the forests, bustling cities, exceptional pristine beaches, an underwater world of dazzling corals and marine life along with truly exotic flora and fauna.

Historically the island was a land of conquest, shipwrecks, massacres, piracy and slavery. It is believed Arabs settled as early as the 9th century, then the Portuguese arrived in 1500, followed by a succession of Merion Monarchs.

In 1896 the island became a French colony and gained independence in 1960.

Unlike its neighbours in the Indian Ocean, Madagascar has been relatively isolated from the outside world and remains one of the world’s great undiscovered eco tourism destinations.

Madagascar is a developing country and at times some facilities may be lacking however this only adds to the charm and appeal of the destination.

Wildlife Safari features the most popular of our private journeys to depart on any day of the week. You will journey in air conditioned comfort in your private 4WD vehicle accompanied by an English speaking guide, essential when travelling throughout Madagascar. Alternatively, Wildlife Safari can custom design a private journey to suit your interests.
