ZANZIBAR ISLAND

Everyone has heard of Zanzibar, but few know it is on an exotic island just off the coast of Tanzania with a colourful history that goes back nearly a thousand years. This clove scented island is one of Africa's most evocative and romantic destinations. Wander through "Stonetown" its narrow streets bordered by heritage buildings or relax on a powder white deserted beach. Wildlife Safari has a choice of excellent town and beach hotels.

ZANZIBAR SERENA INN is located on the waterfront in the heart of Stone Town, in two historic seafront buildings that have been carefully restored to blend with their location. All bedrooms overlook the Indian Ocean with traditional Zanzibari furnishings and private balcony.

THE FAIRMONT ZANZIBAR has been completely renovated and reopened earlier this year. Located right on a pristine, powder white stretch of beach on the northeast part of the island, the luxury rooms and suites are spread throughout the lush tropical gardens. The resort operates an excellent dive centre.
